INSIGHT 1

Our generation is not as educated on this subject as our parents and grandparents

- Anonymous Survey

- 40 RESPONSES FROM COLLEGE STUDENTS
- REMAINING 128 FROM OLDER GENERATION

INSIGHT 2

Most people seek help in religious congregations to cope with HIV, but the stigma keeps the congregation from wanting to help these people.

- Dr. Magdalena Szaflarski

- RELIGIOUS LEADERS OPEN TO HIV PEOPLE
- CONGREGATION NOT READY FOR CHANGE

INSIGHT 3

People with HIV that have a stronger tie to religion or spirituality have a stronger will to live.
